

OpenTouch[®] TeamShare

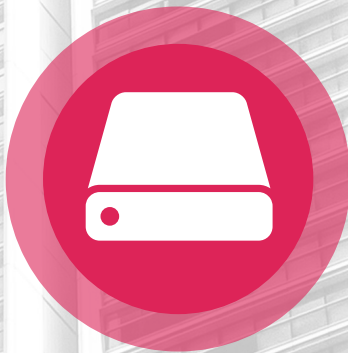

PROJECT COLLABORATION BEYOND COMPANY BORDERS

Did you know that **2/3 of workers** share files on a daily basis?

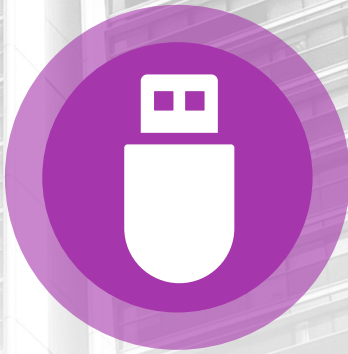

However, in the absence of widespread enterprise file synchronization and sharing solutions, **a majority of information workers share documents and files via email and other unsecure methods.**

Sound Familiar?

OPENTOUCH® TEAMSHARE

A set of essential teamwork services, to deliver project collaboration beyond company borders

Organize your business

Create your workspace in a click, invite participants, internal or external teams, and assign rights.

Stay synchronized

Add files to your workspace with a simple drag and drop. They are secure and available from anywhere with your iPhone, iPad or Android smartphone. With the TeamShare Drive installed on your PC you can also work offline.

Facilitate teamwork

Collaborate beyond company borders, easily check availabilities for a meeting, or just click to engage in a chat with a TeamShare member or a group.

Easily manage your projects

Assign tasks to project members, visually keep track of the project status and how much time is spent.

OPENTOUCH® PERSONAL CLOUD REVOLUTIONIZES HOW EMPLOYEES COMMUNICATE

OpenTouch TeamShare is a new OpenTouch Personal Cloud application. OpenTouch Personal Cloud is a rich suite of cloud-based single purpose business communications applications-as-a-service for individuals, teams or departments in enterprises of any size. OpenTouch Personal Cloud applications are delivered from the cloud as an overlay to any communication or network solution.

The apps are easy to implement, require minimal time to set up, and will not disrupt existing software. Plus, there's no risk to service levels and no need to plan a full-scale rollout, which is good news for over-stretched IT departments.

WHO ARE WE?

Our company is a leading provider of enterprise communications solutions and services, from the office to the cloud, marketed under the Alcatel-Lucent Enterprise brand. Building on our established heritage of innovation and entrepreneurial spirit, we operate globally with 2700+ employees in 100+ countries worldwide, with headquarters near Paris, France.

WHY CHOOSE US?

With communications, networking and cloud solutions for business of all sizes, our team of technology experts, service professionals, and 2900+ partners serves more than 830,000 customers worldwide, tailoring and adapting our solutions and services to local requirements.

A PERSONALIZED CONNECTED EXPERIENCE

With our partners, we co-create the personalized connected experience that delivers tangible outcomes for our customers and their end-users. We:

- Define the personalized connected experience that offers value for our customers and their end users
- Innovate to make each customer's business growth happen
- Are committed to open collaboration for shared success through an outcome-based approach

ABOUT OUR PARTNERS

We openly collaborate with our partners and customers to generate long-term value for all. Our global team and partner ecosystem (resellers, technology partners, application partners and consultants) work together to satisfy the unique needs of small businesses to international companies with tailored offers that address the requirements of various market segments and industries.
